

# Joining a Zoom Meeting by Phone

## Joining a meeting by phone only

1. Dial an in-country number. If you dial a toll number, your carrier rates will apply. You can find the numbers on your meeting invitation or a full list of international dial-in numbers at <https://zoom.us/zoomconference>
2. You will be prompted to enter the meeting ID - the nine (9), ten (10), or eleven (11) digit ID provided to you by the host, followed by #.
3. If the meeting has not already started and join before host is not enabled, you will be prompted to enter the host key to start the meeting, or to press # to wait if you are participant.
4. You will be prompted to enter your unique participant ID. This only applies if you have joined on the computer or mobile device or are a panelist in a webinar. Press # to skip.

If you join by computer or mobile device later, you can enter the Participant ID to bind your phone and device session together and show your video when you speak on the phone. To enter your participant ID once you are in the meeting, enter #Participant ID# on your phone.

## Phone controls for participants

The following commands can be entered via DTMF tones using your phone's dial pad while in a Zoom meeting:

- \*9 - Raise hand

Entering the meeting password using your dial pad

If the meeting requires a password, a phone-specific numeric password will be generated. You can find this password in the invitation listed below the dial-in numbers and meeting ID.
